

## **Celebrating ABBA today**

ABBADELUXE brings the sound of the 70s to the present day.

No Eurovision Song Contest goes by without a look back at ABBA, one of the greatest bands of the last century, whose success story at this competition began in 1974 with "Waterloo". ABBA songs like Fernando, S.O.S, Mamma Mia or Dancing Queen became global hits and still today their music inspires lovers of nostalgia as well as young fans. More than 40 years later, the tribute band ABBADELUXE has succeeded in performing this sound so convincingly that the original would hardly sound better.

Success in front of an audience of millions

In keeping with the motto "Celebrating ABBA today" Frank Weise (Benny), Katy Summer (Anni-Frid), Michelle Cleave (Agnetha) and Steve Bryden (Björn) bring the legendary Swedish bands big hits to the present. And the four musicians know what they are doing, because together they can look back on over 100 years of experience with ABBA. As performers in the biggest stage shows like ABBAMANIA they have already inspired millions of people all over the world, whether in Paris, London or New York.

"ABBADELUXE is the best ABBA cover band in the world"

Today they are not only interested in covering ABBA, but also in staging the brilliant compositions with new arrangements in a contemporary way for the current musical taste. That ABBADELUXE is one of the really great interpreters of Agnetha, Benny, Björn and Anni-Frid is also the conclusion of the most important fan club ABBA-Intermezzo, which rates ABBADELUXE as "the best ABBA cover band worldwide".

In short: You shouldn't miss an appearance of the band, which apart from Frank Weise travels from England for the shows, by the way!
